## ALLIED FORCES HAVE TAKEN INITIATIVE

### HILL NO. 204 CAPTURED BY AMERICAN MARINES

#### ANOTHER STEAMER IS REPORTED SUNK BY GERMAN U-BOAT IN THE ATLANTIC

ARGONAUT, CARRYING 16,000 BALES OF COTTON FROM NEW ORLEANS TO HAVRE, MAY HAVE BEEN SCUTTLED.

#### BRITISH VESSEL GOES DOWN

ALL EFFORTS TO LOCATE MARAUDING UNDERSEA CRAFT HAVE FAILED. SUBS MAY BE LYING IN WAIT FOR TRANS-PORTS.

(International News Service)  
New York, June 7.—A report was current in marine circles here this afternoon that the steamer Argonaut, registering 2,923 tons and carrying 16,000 bales of cotton from New Orleans to Havre, has been sent to the bottom by a German submarine. The report was without confirmation.

#### BRITISH STEAMER WAS VICTIM OF TORPEDOES

(International News Service)  
Washington, June 7.—The British steamer Harpathian, which was torpedoed off the Virginia capes Wednesday, was sent to the bottom by a super-submarine, according to a statement by the captain. It was announced by the navy department this afternoon. The submersible that made the attack was described as 300 feet long. The captain saw no torpedo until the vessel was struck.

#### EFFORTS TO LOCATE THE U-BOATS FAIL

(International News Service)  
Washington, June 7.—Although every available warship of the United States today was scouring the Atlantic from the Virginia Capes far to the southward for German submarines, no success accompanied their efforts up to a late hour this afternoon. The enemy craft are keeping well out of sight of American warships and it is believed certain that they are lying in wait for troops ships.

#### DENY HOTEL KEEPER SIGNALLED FROM SHORE

(International News Service)  
Washington, June 7.—Navy department officials this afternoon denied emphatically that a hotel keeper at Cape May, N. J., named Penshaw, was being held as a spy. It had been reported that he was caught signaling with electric lights to someone off the coast.

#### Tomorrow's Eclipse of Sun Nearly Total

#### Twin City Residents Will Have Opportunity of Witnessing Rare Phenomenon

An eclipse of the sun, almost total here, is scheduled for tomorrow. The sun will begin to pass under the shadow near noon and it will be one hour later before the shining orb is again visible in its entirety.

The area of totality, 80 miles in width, passes through Choctaw, Monroe, Washington, Clarke, Conecuh, Escambia counties, all in Alabama. The total eclipse will be visible longer at Brewton than at any other Alabama town. Twin City residents will have their smoked glass ready to witness one of the most remarkable solar eclipses of the generation.

**NEW CONCRETE WALK.**  
Work has begun on the property owned by C. E. Malone, on the corner of Johnston street and Second avenue, which will greatly improve that part of the city. The brick walk is being torn up and a new concrete walk put in its place.

#### A MODERN GARAGE—JUST ONE OF MANY TWIN CITY BUILDINGS

The garage and offices of the Malone Coal, Grain & Motor Company, shown above, is one of the handsomest edifices in North Alabama. It covers an entire block, and represents the owner's belief in the future of the Twin Cities. With two trunk line railroads and the Tennessee river, the half-way point between Nashville, Birmingham, Memphis and Chattanooga, the Twin Cities are destined to grow to metropolitan proportions.

#### MALONE COAL GRAIN & MOTOR COMPANY COVERS CITY BLOCK

BIG INDUSTRY HAS 42,000 SQUARE FEET OF FLOOR SPACE.

One of the most complete and extensive automobile plants in the South is that of the Malone Coal Grain and Motor Company, on Second avenue. Covering a city block, with 42,000 feet of floor space, with machine shops, accessory depository, sales rooms, etc., it is one of the show places of North Alabama. This company with its usual enterprise is able at all times to supply demands for automobiles of the most approved makes and styles at prices and terms consistent with approved business methods, having at all times large number of machines from which to make selections. Anything needed in automobile accessories or repairs will have prompt and careful attention with the assurance that nothing will be left undone that patrons may have the best of service.

In connection with this industry, coal is carried (Little Piper Cahaba) and building materials. Telephone 12 and 13 local or long distance 9907 and your wants will be attended to at once.

#### Adcock Says Hise Made Statements

Erroneously Quoted in the Daily on Yesterday.

In regard to the arrest of James Adcock, wheel house foreman, on a warrant sworn out by George C. Hise, engineer at the L. & N. power plant, charging defamation of character, the Daily stated yesterday that "Mr. Adcock emphatically denies making the charge." This statement was in error, as Mr. Adcock today told the Daily that he did make the statement that Mr. Hise had said that he hoped conditions in America would become the same as those in Russia, and that he would attempt to prove the charge when the case is called for trial in the county court.

#### Questionnaires to be Re-Examined: New Registrants Cannot Enlist

(International News Service)  
Washington, June 7.—Provost Marshal General Crowder today acted to put an end to inequalities in exemptions in deferred classification of Class One of the draft, when he notified governors of all states where it is apparent that percentages are high to have local boards re-examine all questionnaires.

General Crowder's action was taken, it was announced, as a result of the bill in congress apportioning quotas on the basis of Class One.

#### World's Record For Ship Building Is Broken By U. S.

(International News Service)  
Washington, June 7.—Launching 71 hulls, aggregating 344,000 dead weight tons during May, American ship yards created a world's record, the shipping board announced today. The record exceeds by 102,000 tons the highest monthly average ever attained by the United Kingdom.

#### Secret Diplomacy Up In The Senate

(International News Service)  
Washington, June 7.—The senate stood ready today to put itself on record on the issue of secret diplomacy laid down by President Wilson in his address to congress last winter on peace terms. The issue is presented in an amendment offered by Senator Borah, of Idaho, to the Underwood resolution to put the senate on a basis of "less talk and more action" during the war.

#### Home Guards, Attention

You are hereby given notice to be at the armory tonight at 8 o'clock for drill. All guards not attending will be held answerable for their absence. It is necessary that every member be in attendance tonight.  
B. L. Malone, Major.  
By R. T. SHEPPARD, Adj.

#### PARIS ATTACKED BY HUN FLYERS

(International News Service)  
Paris, June 7.—After a respite of several nights, the German air men again attacked Paris last night, killing one person and wounding several others. Some material damage was done. The people were awakened shortly before midnight by the alarm sirens and heavy artillery firing. Twenty aeroplanes had crossed the line, flying in the direction of Paris. An immediate curtain of fire was started by the aerial guns.

#### Civil Service Exams Held on June 22

The Y. W. C. A. has made arrangements with the Albany local civil service board for the following examinations to be held in the Y. W. C. A. apartments:  
Postoffice service, June 22.  
Trained nurse, June 19. (Panama Canal service.)  
Assistant inspector (child labor), July 10.  
Special agent and research assistant. (Male and Female) July 11-12.  
Clerk, qualified in statistics; clerk qualified in accounting; file clerk (male or female), July 10.  
The application blanks must be secured and forwarded to Washington. Promptness in making applications is advised.

#### 48 NAMES APPEAR ON CASUALTY LIST

(International News Service)  
Washington, June 7.—Forty-eight casualties in the American expeditionary forces were announced today, divided as follows: Seventeen killed in action, 12 died of wounds, 7 from disease, 6 from accident, 6 were wounded severely.

Again the list carried a considerable number of officers. None were from the southern states.  
Private William W. Goswell, Greenville, Tenn., and Private Cabe Keen, Pinola, Miss., were listed as died of wounds.

#### Secretary Blair Now on The Job

Makes Debut as Entertainer at the "Y" Last Night.

Last night's lawn fete at the Y. M. C. A. was an auspicious beginning for the new management of the Y, as headed by the new secretary, Sylvester Blair, who succeeds Dr. K. H. Thompson. All the way along, from the automobile guests at the edge of the lawn, up through the tiers of benches and finally to the large delegation of children who had camped near the big ice cream freezers, every one seemed to be having the time of his and her life.

In a brief talk Mr. Blair apologized to the big crowd for the lack of sufficient benches, but promised that no one would have to stand the next time they were guests of the Y. He said he would make up for seating capacity by feeding the guests ice cream to capacity. Two stands were kept busy filling the hundreds of cones dispensed. At a late hour the crowd broke up full of ice cream and happy. The rain showers of the afternoon had laid the dust and cooled the atmosphere, which, added to the superior music of the community singers, rendered the evening one long to be remembered.

#### MEETS TONIGHT.

Decatur Chapter, No. 38, will meet tonight at 8 o'clock in special convocation to confer the Mark Master degree. Ice cold punch will be served.

#### COTTON AND GRAIN EXCHANGE MAY COME TO DECATUR

PRESIDENT MORRILL BRINGS VISITORS HERE TO LOOK OVER SITUATION.

Through the efforts of H. L. Morrill, president of the Decatur Boosters Club, a branch of the American Cotton and Grain Exchange may be located in Decatur, one of the largest cotton markets in the South.

W. B. Lightfoot and W. H. Jenkins, representatives of the Exchange, are now here and are looking the situation over.

Headquarters of the exchange is New York, and the exchange was incorporated under the laws of that state about eighteen months ago. Membership is now about 5,000, and it is limited to 10,000. This membership will consist of cotton and grain merchants, operators of grain elevators, cotton mills, refiners, exporters of cotton and grain, and bankers. The objects of the exchange are to do away with manipulation and excessive brokerage charges and to give the members greater facilities with small-lot spot contracts.

It is planned that all trading shall be done through New York as a central clearing point, and that two or three branch offices shall be established in each state of the grain and cotton districts. Concentration points will be established at various places for the convenience of the members and their customers. Thus a uniform price, plus the freight to New York will be made.

#### CITY NATIONAL BANK KICKS IN.

The City National Bank kicked in for a space in the fifth and sixth Booster Editions today, but on account of lateness of arrival of copy, their names does not appear in the list of advertisers. Count the City National in, however.

#### WORK ON COURT HOUSE IS PROGRESSING RAPIDLY.

The work on the Morgan county court house is progressing rapidly and it is thought that the work will be completed by the first of July. The statue of Justice will be put out in the yard fronting on Ferry street. The floors are being tiled, the ceiling painted and the outside stenciled.

#### PERSHING'S HEROES DRIVE THE ENEMY BACK FROM MARNE WITH GOLD STEEL

BRILLIANT VICTORIES AROUND CHATEAU THIERRY ARE WON BY MARINES BACKED ON THE RIGHT BY U. S. INFANTRYMEN. ALL OBJECTIVES BUT ONE WERE ATTAINED.

#### Aviator Celebrates by Making Loop Record

WHISTLING "YANKEE DOODLE" BOYS FROM STATES WENT OVER THE TOP AND DROVE HUNS FROM POSITIONS, NETTING ADVANCE OF NEARLY TWO MILES.

#### CELEBRATES VICTORY BY NEW WORLD'S RECORD.

(International News Service)  
Miami, Fla., June 7.—After reading of the marine's successes in France, Lieut. F. L. Fleer, made 109 successive loops at the marine flying field near here, breaking the world's record for military aviation.

(International News Service)  
Le Port, north of the Aisne, has fallen into the hands of the French. Farther south Vinty was captured from the Germans.

American forces, chiefly marines, are now holding a wide front of the Aisne-Marne battlefield and have distinguished themselves in the fighting of the past 24 hours by a series of brilliant dashes which carried them forward for important gains of ground.

The first news of the fresh American successes northwest of Chateau Thierry came from Newton C. Parks, International News Service correspondent with the army of the Marne. Later it was officially verified by the French war office.

The Americans, fighting with the cold steel, pushed their way into Torchy and penetrated Bouesches, farther south. Battling their way through swarms of bullets that poured through the muzzles of German machine guns, the boys from the U. S. swept all before them. Although heavily counter attacked they held their gains.

At the same time American infantrymen, fighting on the right of the marines, distinguished themselves. The Germans delivered a sudden thrust against these forces, compelling them to give a little ground and this morning the battle was still raging in that quarter with the Germans falling back.

American, French and British troops all joined in a combined attack against the Germans, on both flanks of the salient, and important captures of ground were made at many points between Soissons and Rheims.

The initiative in the battle has now swung to the side of the allies. Their attacks are growing in strength and the exhausted German armies are less and less able to withstand them. It is likely that the counter offensive of the allies is now assuming its definite proportions.

#### HILL NO. 204 CAPTURED BY GALLANT AMERICAN

(International News Service)  
Paris, June 7.—A further gain for the French and American troops fighting northwest of Chateau Thierry on the Marne front was reported by the French (Continued on Page Four.)

## CROWDER PRAISES THE LOCAL EXEMPTION BOARDS.

Provost Marshal General Crowder has taken occasion to personally express his appreciation of the splendid service rendered the nation by the county exemption boards. This praise is well deserved and is timely. Next to the consciousness of duty well performed, it is the most substantial reward which these faithful officials will receive. The position is one that carries small financial compensation. Had it carried none at all, the same excellent results would have been obtained, for these men accepted the task with the same spirit that the men in the army responded to the call to the colors. Sacrifices were not considered.

The drafting of a great army was something new to the United States. Even the jingoes who had beat the tom toms for political effect never dreamed that America would become involved in the world's greatest war. German aggression forced the hand of the one republic that has always stood for liberty and democracy. When the call to arms came, the nation was brought face to face with a condition for which no adequate preparation had been made. Experiment followed experiment, change followed change. This was reflected in the offices of every county board, until the draft system was worked out and simplified. Even now, a vast amount of detail work falls upon the shoulders of the three men who are at the head of each county's selective service system.

Mr. Crowder pays the boards the following tribute, which is deserved:

Compensated poorly, if at all except by the gratitude and affection of their neighbors and of the nation at large, the boards have labored incessantly through the scorching heat of last summer only to find a still greater task awaiting their unceasing devotion throughout the rigors of the following winter. Then, having accomplished this classification, they found themselves confronted with the mobilization of millions of men and accurately and promptly they have performed and are performing this labor. Much work yet remains. Today the new men of 21 are being registered and must be speedily classified. On the first of next month the local and district boards will be invested with the still further responsibility of preventing idleness and of unproductive employment which is not effective to the nation in the emergency. Some boards will review their work and correct those inequalities which have been unavoidable in so tremendous an undertaking. The nation, however, with full confidence in the men who have performed these great tasks in the past, faces the future without foreboding. The splendid work of our local and district boards and of the other great volunteer army of assistants has filled us with admiration. They have been tried and found true and so long as this war may last our people are happy in the complete assurance that this great organization will not fail the nation.

## TYPOGRAPHICAL ERRORS.

(Birmingham Ledger.)  
Newspaper misprints and errors as to names are the bête noir of publishers and strenuous exhortation to avoid is continuous; yet they will creep in. One Birmingham newspaper in its report of the North Alabama meeting gave A. C. Crowder, president of the Chamber of Commerce, an additional initial, making it appear "B. A. C. Crowder." Another paper had the same error. Still another error and avoided that, printed John D. Wyker, the name of Decatur's most esteemed citizen, as "John Wyker." This was probably typographical rather than writer's error.

Then again, there crops out a peculiar all-around and seeming impossibility to get a certain name right. There is no special difficulty in writing and printing E. Wilkinson, of the Western Grain Company; yet it is almost the invariable habit of Birmingham newspapers to put it either "E. E. Wilkinson, or E. Wilkerson," neither of which is correct, and neither of which is easier to recall and write than "E. Wilkinson which is correct. Perhaps the Wilkinson-Wilkerson error may date back to the late Judge W. W. Wilkerson, whose name appearing often in the papers by reason of his public office, became the newspaper style of spelling. On Monday the Ledger barely escaped printing B. B. Comer as "E. E." Comer, due to the fact that a pale and defective typewriter ribbon made the "B. B." look like "E. E." A member of the Ledger staff caught it just in time.

## MEN OF DRAFT AGE ARE AT A DISADVANTAGE.

(Birmingham Age-Herald.)  
In a timely editorial entitled, "Be Fair to the Draft Men," the Houston Post rebukes employers for discriminating against men who are waiting to be called into the service of their country, and for that reason are not given work. The statements frequently appearing in "Help Wanted" advertisements, "Must be over draft age" or "Men of draft age need not apply," afford excellent reasons for a protest.

As the Post truthfully says, "Such an attitude is not worthy of a patriotic citizen. The burden of actually fighting the war has been placed upon men between 21 and 31 years of age. It is unfair to discriminate against them in the matter of employment, for that reason. If the draft man is not entitled to favors from the civilian population for whom he will soon be fighting, he is at least entitled to a square deal before he is called to the camps."

It is necessary that every man in the country, who is able to work, be usefully employed. The slogan is, "Work or fight." Employers who, for selfish reasons, will have nothing to do with men of draft age are giving aid to the enemy to the extent that they are not helping to carry out the policy of the government, and they are certainly showing a painful lack of appreciation for the sacrifices these young men will shortly be called upon to make.

## IT FREQUENTLY HAPPENS.

The Democrat received a communication a few days ago asking that same be given space in these columns. The request was granted, but there were two things that struck us forcibly, because we have met up with them in one form or another many times in our quarter of a century of newspaper work. The party who sent in the communication was one for whom we have frequently published free notices; the communication was written on paper which was printed at neither of the two weekly newspapers in Athens and was mailed in a stamped envelope printed by the U. S. government at a rate with which no other firm or corporation could compete. The pay work was given to parties who run no newspaper, while the free work was very kindly handed over to one of the local newspapers. Of course, the gentleman who sent the communication in was probably thoughtless and didn't realize that a local newspaper depends somewhat on its job office in order to enable it to pay printers to set up free reading matter, pay the electricity bill, rent, paper and ink bills which a hard and unsympathizing world insists on even weekly newspapers paying.—Limestone Democrat.

## Arthur L. Bratcher Enlists in Navy

Arthur L. Bratcher, son of Albert L. Bratcher, left St. Louis Tuesday night, June 4, after being enlisted as a seaman, second class. He arrived the following day at the Great Lakes naval training station, near Chicago, which is the largest of its kind in the world.

Before leaving St. Louis Mr. Bratcher had learned much of the life he will have, the excellent food and other advantages the navy offers, such as the best pay of any fighters in the world, and unusual opportunity for promotion. One man in every three becomes an officer.

## Proposes Drafting American Wealth

(International News Service)  
Washington, June 7.—Conscription of half the net taxable income of American corporations, estimated at \$8,700,000,000 annually was recommended to the house ways and means committee today by Benjamin C. Marsh, executive secretary of the national committee on war finance.

## Have You Tried Pino-zone

The Owl Drug Co., Decatur, Ala.

Sirs:  
Will say we have given your Pino-Zone a fair test and find that the merits of it is all, and even more, than you claim for it.

We tried it on a horse with cracked heel, and the use of one 25-cent bottle cured him in one week, and we worked him every day while applying the remedy.

We also tried it on a customer of ours that had a sore leg of many years' standing and will say the results were more than we expected.

We are, yours very truly,

## GEERS-TAYLOR.

The following announcement has been received by friends:

Mr. Edward Franklin Geers has the honor of announcing the marriage of his daughter Sara to

Mr. Alfred Duff Taylor on Thursday, the sixth of June One thousand, nine hundred eighteen Memphis, Tennessee.

The bride is a daughter of the most famous reinsman in this country, "Pop" Geers, and is a niece of W. R. Smith of this city, who during his visits here has made many friends. She is a charming and accomplished young woman.

## MISS ANNIE FAY ALMON COMPLIMENTS HER GUESTS WITH A DANCE.

Thursday evening the doors of the Almon home were thrown open invitingly to the younger set of boys and girls. Miss Annie Fay Almon was giving a dance for her guest, Miss Florence Mae Freeman of Huntsville.

A large punch bowl on the lawn, presided over by Louise and Christine Almon, was a constant source of pleasure for thirty dancers.

Those enjoying this function were: Misses Florence Mae Freeman, Florence Young, Daphne Graves, Dorothy Mayer, Florence Phinley, Christine Davidson, Maud Smith, Frances Todd, Will Foster, Paul Brown, Eugene Collier, Eugene Polytinsky, Olon Harrison, George Todd, Baynard Malone, Jr., Jimmie Godfrey, Fred Nebrig, Glen Jordan, Dunlap Alexander and Lawson Draper.

## COMMUNITY SING.

Under the able direction of Miss Florence Bassett Thursday evening on the lawn of the Y. M. C. A. one of the most delightful "sings" yet given was enjoyed.

On the veranda of the building stood the volunteer singers flanked on either side by the interested ones who, if they didn't sing, looked as if they wanted to. Verses of many of the popular airs were sung by soloists, and the chorus, in response to Miss Bassett's baton, joined lustily in the refrains. Children's voices rung clear and true on the night air. The public is truly becoming the "Voice of America calling for Justice." This sing is something fine the people are doing for themselves. Watch for the words of songs to be used. The Daily will carry these at the top of the social column.

Please cut them out and take with you to the sings.

## SILVER TEA.

Mrs. Walter H. Todd entertained at a silver tea Thursday afternoon. The occasion was the social meeting of the Ladies' Aid Society of the Central Baptist church. A pretty musical program had been arranged. Mrs. H. O. Troup, Mrs. Frank Cook, Mrs. Lewis Poynter and Mrs. W. H. Todd taking part. Frances Todd gave one of her always delightful readings. The Star-Spangled Banner and America were sung in unison. A stirring decoration was expressed in American flag.

The dining table was centered by a plaque outlined in flowers and wheat. Resting on it was a crystal bowl of roses. Here punch was served by Misses Margaret Curry and Charlotte Broadus.

## SPECIAL MUSICAL PROGRAM AT WESTMINSTER SUNDAY.

Mrs. B. B. Pickens, organist and choir director, is arranging for a special musical program at the Westminster Presbyterian church Sunday evening, beginning at 8:30 o'clock. In addition to the regular choir, several gifted Twin City vocalists will be heard. The augmented choir will consist of Mrs. A. A. Hardage, Mrs. William McNeill and Miss Ruth Hartung, sopranos; Mrs. Walter Todd, contralto; Messrs. Owens and Halbrooks, basses; B. B. Pickens, tenor.

Mrs. M. O. Nelson and little son, Otto, left this morning for Vicksburg, Miss., to make it their future home.

Misses Katherine Jordan and Mary Day have returned to their homes in Cleveland, Ohio, after visiting Mrs. G. E. Braun.

Mrs. Jno. W. Jones, with her parents, Mr. and Mrs. C. K. Lide, left this morning for a visit to relatives in East Tennessee.

Mrs. Jackson Edwards has returned to West Point, Miss., accompanied by her mother, Mrs. Allison, and sister, Mrs. R. R. Smith, and son, Roy, Jr. All have been the guests of Mrs. M. L. Hardage on Jackson street for the past week.

## SILK STOCKING CLUB.

Mrs. Hugh Greer was hostess to the Silk Stocking club on Thursday morning. Mrs. John W. Jones made top score.

Mrs. T. J. Tilman will leave Saturday to visit her sister, Mrs. J. B. Fryerson, at Baton Rouge, La.

Misses Novie and Lula Almon are at Moulton after a visit to Solicitor and Mrs. D. C. Almon.

## Y. P. M. S.

The Young People's Missionary Society of the Central M. E. church will meet Saturday afternoon at 4 o'clock with Miss Clio Lovin.

Mr. and Mrs. W. R. Smith will return from Memphis Saturday accompanied by Rev. and Mrs. E. C. McCowan and children, who will be their over-Sunday guests.

Sarah Humphrey is the guest of relatives at Huntsville.

Mrs. S. R. Hutto has returned from a visit to friends at Athens.

Mrs. Ben Bibb, of Mooreville, is the guest of Mrs. Phil Humphrey.

Dr. W. N. Sholl will return this evening from Birmingham, where he visited his parents, Dr. and Mrs. E. H. Sholl, who left today to make New Orleans their future home.

## PERSONALS

Dr. Puckett, of Hartselle, was in the city yesterday to attend a meeting of the Morgan County Medical Society.

Ras Garrison will leave Sunday for New York to enlist as a bell boy on a transport.

Bobby Glover is suffering with Bright's disease at the home of his grandfather, S. R. Garrison.

Howard Seitz, a valued employee of the Daily, is at home today with a sprained ankle, resulting from an accident.

## PERSHING'S HEROES DRIVE THE ENEMY

(Continued from Page One.)  
war office today. The Americans  
have captured Hill No. 204. Both  
north and south of the Alsne the  
French extended and improved  
their positions.

## ALL OBJECTIVES BUT ONE WON BY AMERICANS

(International News Service)  
With the American Army at the  
Marne, June 7.—Severe fighting  
northwest of Chateau Thierry with  
Americans engaged was still con-  
tinuing early today. The Ameri-  
cans have gained all their ob-  
jectives, except at one point where  
they were held up by a nest of  
German machine guns.

(International News Service)  
London, June 7.—A successful  
raid was made by the British  
against the German positions  
northwest of Bethune during the  
night, the war office announced  
today.

## NIGHT RAIDS WORRY THE SAMMIES BUT LITTLE

(International News Service)  
Washington, June 7.—Attempts  
of the enemy to raid American  
trenches at night are meeting with  
little success, according to Gen.  
Pershing's communique this af-  
ternoon.

## GERMANS CLAIM CAPTURE OF 55,000 PRISONERS.

Berlin, June 7.—(Via London.)—  
"The situation on the battle front is  
unchanged," says the German official  
communication. The text of the com-  
munication follows:  
"Chateau Thierry has been subject-  
ed by the French to a continuous  
destructive fire.  
"The booty captured by the army  
group of the German crown prince  
since May 27 amounts, according to  
estimates made up to the present, to  
more than 55,000 prisoners, including  
more than 1,500 officers, and more  
than 656 guns and for more than 2000  
machine guns.  
"There has been artillery activity  
of varying intensity. Prisoners have  
been brought in several times at the

result of reconnoitering engagements.  
"The situation on the battle front  
is unchanged.  
"During the last two days 46 ene-  
my airplanes and four captive bal-  
loons have been brought down. Rich-  
thofen's chasing squadron shot down  
15 enemy airplanes yesterday."

## THE AMERICAN MARINES ADVANCE MILE AND HALF

(International News Service)  
With the American Army at the  
Marne, June 6.—(8 p. m.)—By bril-  
liant attacks over two and a half  
miles front in the Neuilly sector of  
the Marne battle front, the American  
marines fighting alongside the French  
extended their recent success in the  
same district by advancing approxi-  
mately one mile and a half. The Ameri-  
cans now hold all the high ground  
in the battle area northwest of Chat-  
eau Thierry.

The Americans fought with more  
than their old time gallantry, going  
over the top whistling "Yankee Doo-  
le." All the American objectives were  
attained by 7:45 o'clock this morning.  
Late in the afternoon another at-  
tack was organized and at 5 o'clock  
the marines again lunged forward  
against the Germans. The dough-  
boys gave the Germans a taste of  
the cold steel they will not forget  
in a hurry. The Teutons were unable  
to withstand them and were complet-  
ely routed.

The French attacked at the same  
time as the Americans and they also  
were successful. The allies now have  
the upper hand on the Marne.

## Skeggs Is Preparing To Register Women

German Enemy Alien Females to  
Register June 17.

Birmingham, June 7.—H. A. Skeggs,  
United States marshal, is making  
preparations for the registration of  
all German enemy alien females and  
yesterday sent instructions regarding  
this registration to all postmasters  
of towns and communities with a  
population of 5000 or less.

In the larger cities and towns the  
registration will be conducted by the  
chief of police under the direction of  
the United States marshal.

The registration of German enemy  
alien females will be started on June  
17, at police headquarters, and all wo-  
men subject to this registration are  
requested to familiarize themselves  
with the rules regarding same, as  
those failing to comply with this  
law are liable to restraint, imprison-  
ment and detention for the duration  
of the war or to removal and de-  
parture from the United States.

## Platinum Trust Accused of Being Hun Controlled

(International News Service)  
Washington, June 7.—Asserting that  
facts which he presented justify "the  
strong suspicion that the platinum  
industry of the United States has  
been controlled by Germany," Repre-  
sentative Rainey of Illinois, today  
made a direct attack on the door on  
Charles Engelhard, one of the unof-  
ficial advisers of the war industries  
board on platinum development. The  
representative showed that he had  
very close German connections from  
birth.

## Why do all Doctors Prescribe Calomel

Of all the medicines in the world,  
doctors prescribe calomel most often  
and depend upon it most universally.  
There must be a good and sufficient  
reason—what is it?

If you will study the doctors' books  
you will find that the medical authori-  
ties prescribe calomel for almost every  
disease. The reason is that calomel  
is the greatest and only thorough sys-  
tem-purifier. It makes the liver ac-  
tive, drives out the poisons from the  
stomach, bowels and kidneys and  
thereby purifies the blood. Calomel  
puts the entire system in the most  
favorable condition for Nature to ex-  
ercise her recuperative power. Your doc-  
tor will tell you that drugs merely  
assist nature. That is why he pre-  
scribes calomel so often.

The new kind of calomel, called  
"Calotabs," is refined and purified  
from all of the nauseating and danger-  
ous qualities of the old style calomel  
and is rapidly taking its place, for it  
is more effective than the old style  
calomel as a liver-cleanser and sys-  
tem-purifier. One Calotab at bedtime,  
with a swallow of water—that's all.  
No nausea, nor the slightest unpleas-  
antness. Next morning you awake  
feeling fine—with a hearty appetite  
for breakfast. Eat what you please—  
fruits, acids or anything. No restric-  
tions of habit or diet.

Calotabs are sold only in original,  
sealed packages, price thirty-five  
cents. Recommended and guaranteed  
by druggists everywhere. Your money  
back if you are not delighted. (Adv.)

## Home Guards Drill Twice Each Week

Organization Growing, But Needs  
New Members.

Effective this week, the Albany  
Home Guard will drill two nights each  
week, it was announced today by Maj.  
B. L. Malone. The drills will take  
place on Tuesday and Friday eve-  
nings, and on the latter the guards  
will do patrol duty.

The membership of the guards has  
been materially increased, 33 men now  
being enrolled. It is hoped, however,  
to bring the number up to fifty and  
volunteers are being called for.

Men who expect to be called to ser-  
vice at any time within the next year  
are greatly benefited by joining the  
guard and getting instructions in drill  
work.

## Announcement

To the Good People of Albany and  
Decatur:

I beg to announce that I will con-  
tinue the business of my brother, the  
late Samuel Spielberger (deceased),  
and hope to have the pleasure and

## TO RESIST THE ATTACK

of the germs of many diseases such as  
Grip, Malaria,  
measles for all of  
us—light or die.  
These germs are  
everywhere in the  
air we breathe.  
The odds are in  
favor of the  
inactive and the  
blood impure.

What is needed most is an increase in  
the germ fighting strength. To do this  
successfully you need to put on healthy  
flesh, rouse the liver to vigorous action,  
so it will throw off these germs, and pu-  
rify the blood so that there will be no  
"weak spots" or soil for germ growth.

We claim for Dr. Pierce's Golden  
Medical Discovery that it does all this  
in a way peculiar to itself.

It cures troubles caused by torpid liver  
or impure blood.

HAMPTON, GA. — "I have used Doctor  
Pierce's medicines  
in my home for over  
40 years, and can  
say to those suffer-  
ing with torpid liver,  
it will pay you to  
use Doctor Pierce's  
Golden Medical  
Discovery. You  
will find it all he  
claims it to be."  
— THOMAS C. JONES.

WOODFORD, TENN. — "This is to certify  
that I have used Doctor Pierce's Golden  
Medical Discovery for my two little boys.  
One had night sweats, poor appetite,  
sallow complexion, and had quit growing,  
but after giving him part of a bottle of  
the 'Discovery' he again started to grow.  
He doesn't have the night sweats and  
looks much better. My other little boy  
had scrofula and this medicine cured  
him after the doctor's medicine had  
failed. I do not hesitate to recommend  
the 'Discovery' at all times." — MRS.  
ROSA LEE HOGAN, Route 1.
